OUR STORY

..it really is as simple as that!

Success at Showtech is driven by the strong partnership we share with clients an outcome of flawless execution of numerous events of impressive scale and magnitude. We offer a full spectrum of corporate communication techniques that speak to the eyes, ears and heart of your audiences. Our team consists of highly trained and experienced staff capable of executing large scale events. We follow a project management process for smooth integration of complex creative, design, production and technical elements.

The force behind Showtech is its founder-director, Shaji George. A long time industry veteran, he has been credited with knowing the business inside-out. Like a true visionary he began his journey in 1998 and since then he has been creating magic for clients in the

UAE providing top-notch technical expertise and prowess no matter the scale of the event.
